Education

Indian Institute of Information Technology Kottayam (IIITK)	May 2028
<i>B.Tech – Computer Science & Engineering</i>	CGPA: 8.08
St. James Academy, Tamil Nadu	2024
<i>Higher Secondary – Computer Science · Grade: A1 · JEE Mains 2024: 96.20 Percentile</i>	

Relevant Coursework

Data Structures & Algorithms • Machine Learning • Deep Learning • Natural Language Processing • Computer Networks • Database Management Systems • Operating Systems • Object-Oriented Programming • Web Technologies

Work Experience

National Institute of Technology Warangal (NIT Warangal)	May – Jul 2026
<i>Research Intern · On-site · Under Prof. Manish Kumar Bajpai, Associate Professor</i>	
■ Engineered VeinFusionNet , a modular multi-stream hybrid neural network in PyTorch for closed-set biometric identification across 113 identity classes, achieving 66.72% ± 0.57% plateau accuracy — a +9.54 pp gain over a pure spatial CNN baseline.	
■ Embedded handcrafted structural inductive biases via 8-orientation fixed Gabor filter banks and discrete Haar wavelet edge descriptors, with parameters frozen using PyTorch’s <i>register_buffer</i> for efficient feature extraction.	
■ Designed a 5-epoch rolling smoothed validation loss filter to resolve a critical checkpoint-freeze bug, unlocking 8–10 points of cross-session optimization; validated training up to 200 epochs under AdamW and Cosine Annealing, with verification via the Fourier Shift Theorem.	
VaultOfCodes	Aug – Sep 2025
<i>Frontend Developer Intern · Remote</i>	
■ Engineered MovieHunt — production-deployed movie discovery app with SSR, dynamic routing, and TMDB REST API integration using React, Next.js, and Bootstrap 4.	
■ Built reusable React component library with fully responsive design; optimised page load via code splitting and lazy loading with Next.js.	
Jeyram Educational Trust	Jun – Jul 2025
<i>Web Developer Intern · Tiruchirappali</i>	
■ Shipped responsive web applications for a government-funded digital education platform ; refactored legacy static pages into modular React components, improving performance.	
■ Integrated external APIs and delivered mobile-first interfaces under sprint timelines with cross-functional teams.	

Key Projects

Multi-LLM Evaluation Framework — <i>Python, LLM APIs, React, NLP, Benchmark Evaluation</i>	2025
■ Top 25 finalist out of 1,233 teams at a National Level Hackathon; finale at PSG College of Technology, Coimbatore.	
■ Framework evaluates multiple LLMs on accuracy, reasoning, factuality, and hallucination rate; unified dashboard with cross-model contradiction detection and confidence scoring.	
UrbanShield (urbansheild.vercel.app) — <i>React, FastAPI, WebSockets, Firebase, Leaflet/OSM</i>	2025
■ Top 5 – Technothon Aayam 2026, NIT Agartala & Finalist – AI4Dev ’26, PSG College of Technology.	
■ Full-stack smart-city dashboard: live WebSocket traffic feeds, emergency corridor routing, Silent SOS and Safe Travel modules, Leaflet geospatial UI with congestion heatmaps.	
FareSplit (faresplit-rose.vercel.app) — <i>React, Vite, TailwindCSS, Firebase, Node.js, Express</i>	2025
■ Full-stack group expense platform with real-time sync, Google Auth, and Splitwise-style settlement; greedy debt-minimization algorithm and UPI-style payment flow for Indian users.	

Technical Skills

- **Programming Languages:** Python, C, C++, Java, JavaScript
- **Frontend:** React JS, Next.js, Vite, TailwindCSS, Bootstrap 4, Framer Motion, Leaflet, Recharts
- **Backend:** Node.js, Express, FastAPI, SQLAlchemy, WebSockets, REST APIs
- **Databases:** MySQL, PostgreSQL, MongoDB, Firebase Firestore
- **Tools:** Git, GitHub, Vercel, Netlify, Firebase Auth, OpenStreetMap, TMDB API

Accomplishments & Activities

- **Student Representative, IIIT Kottayam**(2024–Present) — Bridged faculty-student communication; managed coordination, conflict resolution, and campus activities.
- **GDG IIIT Kottayam – Tech Team Member**(Aug–Dec 2025) — Organized technical workshops, study sessions, and knowledge-sharing events for the student community.
- **Chitrachaya – Videography Sub-Lead**(2024–Present) — Led videography for campus events: shoot planning, equipment handling, and post-production for official club content.
